Funk Cake

THE SOUND

**HIGH-ENERGY,
NEW ORLEANS STYLE,
BRASS BAND FUNK**

(yes, people dance.)

Funk Cake was launched in November of 2016 when band leader Alex Rodiek gathered some of the best brass and percussion players in Atlanta to start playing gigs around the city. Since then, Funk Cake has gained notoriety for their unique and unmistakable funky brass band sound, becoming a sought-after group for venues all over the state. Funk Cake brings the sizzle to their live shows by combining genre-bending arrangements with virtuosic soloing. You can catch them rocking out, especially during Mardi Gras season, or performing at some of the best known venues in Atlanta. They are regulars and fan favorites at the Peachtree Road Farmer's Market and Copper Coin, and have showcased at the historic Smith's Olde Bar. Another highlight? Performing at a private party for the one and only, the most charismatic avenger, Robert Downey Jr.
